# DALMATIA - ŠIBENIK

Unesco World Cultural Heritage  
The Cathedral of St. James

The Central Mediterranean, a fortified town by the sea, the library of the historical sites and culture, protected by the limestone rocks and mountain hinterland, blessed with more than 300 islands, islets, cliffs and reefs in its waters, a rich vineyard treasury united in a unique poetry of the urban centre of Šibenik – this is Šibenik Knin County.

**TWO NATIONAL PARKS** - Gods had mercy as they drew this area; from the National park of the river Krka, its rocky surroundings, waterfalls and the islet Visovac, on which the Franciscans monastery found its setting, to the canyon of the river Krka, where the oldest orthodox monastery is situated; from the picturesque vineyards of Primošten to the National park Kornati looking like the white tears spread on the blue sea.

**TWO UNESCO SITES - ŠIBENIK** – city on the UNESCO's World Heritage List - city of cultural attractions and numerous events.

Its Cathedral of St. James built in the 15th century is a unique building constructed in the Gothic and Renaissance style, with 71 heads integrated in the exterior, and sculptures and mosaics in the interior. It was added onto the UNESCO World Heritage Site List in 2000.

The summer stage of St. Michael Fort, a place where the past and the present leave you breathless, Barone Fort as unique tourist attraction and newly inscribed in UNESCO's World Heritage List. St. Nicholas fortress are the main cultural attractions.

In the Šibenik-Knin Region there are numerous accommodation units in comfortable hotels and apartments, modern camps, marinas and nautical centers. **Every day can be different here...** just choose among wide range of our offer: Falconry center, Village tourism, Donkey Island in Tribunj, islands of corals and sponges or explore wild picturesque Hinterland, by Hiking or Biking and many more...

**Šibenik- Knin County Tourist Board wishes you a pleasant staying and unforgettable vacation in the region of Šibenik.**
